To

All Provincial Governments, Minor Administrations and Constituent States of the Imperial Council of Agricultural Research

Subject -Control of biological factors affecting the value of Hides and Skins in India

Sir,

I am directed to say that, at their meetings held in April last, the Hides and Skins Committee and the Advisory Board of the Council while considering the above subject expressed that considerable improvement in slaughtered hides and skins would be effected if more interest were taken in the arrangements at slaughter houses, particularly in regard to their lighting and ventilation, and suggested that this fact should be brought to the notice of municipalities and other local bodies concerned

I am accordingly to request that, if there is no objection, the municipalities and local bodies concerned in the province of Madras/etc Hyderabad/etc State may be informed accordingly

A copy of this will be sent to the by courts of Dists for instructing the local bodies in their Dist to effect the improvements indicated in this

Send us with a draft letter to the Govts for approval
